In 1999, Rajeev Samant established Sula Vineyards, Nashik's first winery and paved the way for the emergence of India's Wine Capital, with almost 35 other wineries following suit in the region over the next decade & symbolized the rich, Indian heritage of his wines. This was wine that took pride in being Indian, being the first company in the country to use an Indian logo.

Spread over a total of over 3000 acres, Sula's owned and contract-ed vineyards are home to some of India's finest grapes and the site of the latest in viticulture innovation and technology.

Our farmers are partners in our journey to produce excellent wines and we work hand-in-hand to secure their supply, provide on-ground training and support, and share the latest in sustain-able winegrowing practices.

Glenfiddich 12 YO
Scotland

Crafted in the Valley of the Deer since 1887, the family’s signature expression is the world’s most awarded single malt Scotch whisky. With a unique freshness from the same Highland spring water we’ve used since 1887, its distinctive fruitiness comes from the high cut point William Grant always insisted upon. Carefully matured in the finest American oak and European oak sherry casks for at least 12 years, it is mellowed in oak marrying tuns to create its sweet and subtle oak flavors. Creamy with a long, smooth and mellow finish, the 12 Year Old is the perfect example of Glenfiddich’s unique Speyside style and is widely proclaimed the best dram in the valley.

Glenfiddich 15 YO
Scotland

Exemplifying the family’s tradition of innovation, the 15 Year Old expression is created using a technique pioneered by our Malt Master and its warm, spicy flavours are transformed with the alchemy of the Solera Vat. Aged in three different types of casks: sherry, traditional bourbon and new oak, the whisky is mellowed in our unique Solera Vat, a large oak tun inspired by the sherry bodegas of Spain and Portugal. Never emptied, and kept half full of whiskies since 1998, Solera Vat is the culmination of curious minds and the pioneering spirit of the family. It’s also the secret behind this whisky becoming the first 15 year old expression to enter the top ten bestselling malts.

Glenfiddich 18 YO
Scotland

Fine Spanish Oloroso wood and American oak are used to mature this rich, intriguingly fruity and robust oak expression, but there are many more reasons why this expression is special. Every batch is individually numbered and carefully watched over. Each has extraordinary consistency and character from an intense marrying period, and a warming distinguished finish. A truly exceptional single malt, the result not just eighteen years of care and attention but of whisky-making craft and knowledge passed down through the generations.
Glenfiddich 21 YO

Patiently matured for 21 years on-site at the distillery, it is an exquisite, traditional Speyside whisky, rich and ripe with our Glenfiddich signature notes. But rather than bottle it, as other distillers would, the Glenfiddich Malt Master, Brian Kinsman, hand picks selected barrels and adds a sublime finishing touch. By finishing our 21 Year Old in Caribbean rum casks it awakens the liquid, rousing it with extra exotic notes of ginger, fig, lime and banana and a vibrant spicy toffee warmth, elevating it from something great to something extraordinary.

Glenfiddich 26 YO

A rare and aged single malt Scotch whisky that has spent 26 long years carefully maturing in American Oak ex-bourbon cask. This expression was created to honour Glenfiddich’s line of continuous family ownership since William Grant founded the distillery in 1887. Doing things their own way means they can create a luxurious single malt that truly lives up to its name. They’ve created a vibrant yet soft and delicate expression, with a deep and complex balance of sweetness and dry oak tannin. Bound to excite the palate and awaken the nose.
The Balvenie Double Wood 12 YO
Scotland

The Balvenie Double Wood 12 year old single malt whisky gains its distinctive character from being matured in two wood types: first traditional whisky casks, namely twelve years in American Oak ex-Bourbon barrels, followed by an additional nine months in ex-Oloroso Sherry Casks. The whisky is then transferred to large oak vessels called “tuns” for 3-4 months to allow the whiskies to “marry”. The resulting whisky has aromas of sweet fruit and Oloroso sherry notes, layered with honey and vanilla. The palate is nutty, with cinnamon spiciness and a delicate layer of sherry.

The Balvenie Caribbean Cask 14 YO
Scotland

The Balvenie Caribbean Cask 14 year old single malt whisky has been matured in traditional oak whisky casks for 14 years, and then ‘finished’ in casks that previously held Caribbean rum. The result is an exceptional single malt whisky with the traditional smooth, honeyed character of The Balvenie married with notes of rich, creamy toffee, vanilla and a hint of fresh fruit, with a warm, lingering finish.
The Balvenie Peated Cask 17 YO
Scotland

The DoubleWood 17 Year Old sees the whisky matured first in American oak barrels, which impart soft sweet vanilla notes, before being transferred to European oak sherry casks where the second cask ageing adds rich spicy flavours and a depth and fullness of flavor. The DoubleWood 17 Year Old is an elder sibling to Double Wood 12 Year Old and shares its honeyed, spicy characteristics, but it is distinctly different, with deeper vanilla notes, hints of green apple, creamy toffee and a striking richness and complexity. It tastes almost sweet, with dried fruits and sherbet spice on its palate, along with toasted almonds and cinnamon, layered with a richness of creamy toffee notes and traces of oak and deep vanilla.

The Balvenie Port Wood 21 YO
Scotland

To create The Balvenie Port Wood 21 year old single malt whisky, a marriage of rare Balvenie is transferred to port casks, or pipes, which have held fine port wines. Considered by many to be David's finest creation, this whisky is one of his proudest achievements and has won an array of highly coveted industry awards since its release in 1996. A perfume of fruity and ripe raisin notes on the nose, backed by a nutty dryness. Refined with remarkable character, it is creamy and silky on the palate with fruit, honey and spice notes. The finish is long, gentle and nutty.
Grant’s Select Reserve
Scotland

Rich, Sweet and Smoky with hints of fresh fruits and subtle spices, Grant’s Select Reserve has been specially blended with handpicked whiskies to deliver a treat. The nose, subtle at first, soon reveals a rich, sweet, smoky character. On the palate, layers of fresh apples, pears and a little peach are swathed in creamy vanilla. Mount Gay Rum

Every great story begins with a time and a place. For Mount Gay Rum that time and place is the Caribbean Island of Barbados in 1703. Rum, originally called “Kill-Devil” by the Barbadians who first distilled it, is truly a product of the island. The abundance of molasses combined with the culinary ingenuity of early settlers and of course their legendary thirst for alcohol lead to this unique discovery in the production of spirits. Mount Gay Rum is the product of over 300 years of knowledge, experience and refinement applied to the process of making rum. Each of our rum’s complex flavours have been coaxed from natural Barbadian ingredients and the input of many generations of master blenders, distillers and the evolving palates of rum shop patrons.

Mount Gay is the oldest most storied rum in the world. For more than 300 years Mount Gay has remained true to their signature style of aging and blending single and double distillates for distinctive aromatic character and smooth finish.

**Eclipse Handcrafted Rum Barbados**

Eclipse was conceived in 1910, when the twin phenomena of a total solar eclipse and the passing of Halley’s Comet inspired a new blend from the brand. Eclipse is the reference for character, body and aroma by which our Master Blender Allen Smith uses to blend every variety of Mount Gay Rum. For many rum aficionados Eclipse is also the reference by which all rum should be measured. Eclipse has a brilliant golden amber colour and a luxuriously complex aroma.

**Silver Handcrafted Rum Barbados**

Silver is a blend of single and double distillates which are charcoal filtered for a clean, aromatic character and a fuller body than competitive silver rums. Clean and aromatic in contrast to Eclipse’s rich smokiness, Silver offers a balanced, mellow harmony of sugar cane syrup and banana, infused with notes of peppermint and citrus.
